The Storage capacity figures shown against each individual elevator listed in this publication include the elevator proper and all permanent and temporary annexes attached thereto as registered with the Board of Grain Commissioners for Canada as at December 1st, 1953.

The managers of certain elevator buildings which cannot be licensed as elevators on account of faulty receiving scales have been granted authority to operate them as Special Annexes to specific licensed elevators. These buildings however are listed herein as unlicensed elevators as they can not be used for the purpose of receiving producers' grain delivered in truck or wagon-load lots. They are indicated by the sign "XSA".

" 'Country Elevator' means any elevator in the Western Division in which grain is stored or from which it is discharged before it has been inspected, and graded under this Act. . . ."

" 'Eastern Elevator' means an elevator situate in the Eastern Division. "

" 'Elevator' means any premises into which western grain may be received, or out of which it may be discharged, directly from or into railway cars or vessels, and, notwithstanding anything contained in any other general or special Act, includes any such premises owned or operated by Her Majesty, either directly or through any individual, public body or company. "

" 'Mill Elevator' means an elevator in the Western Division which is operated by a person primarily engaged in the business of manufacturing grain into some other product, into which there is received no grain other than the property of the manager of such mill elevator. "

"

" 'Public' when used with respect to an elevator, means any elevator other than a mill elevator, a private elevator, or a semi-public elevator. "

" 'Semi-Public' when used with respect to an elevator, means any elevator not being a mill elevator, the manager whereof is expressly permitted by the terms of his licence as such manager to bin as he sees fit any grain except wheat graded in any of the four grades first specified in Schedule One to this Act or graded into the grades of No. 1 Canada Western Garnet or No. 2 Canada Western Garnet specified in the said schedule. "

"

"Grain Dealer" — "152. (2) Nothing in this section shall apply to any contract for the purchase of grain on terms that the consideration payable under such contract is to be paid in full in cash at the time of the making thereof, or to any contract for the purchase of grain made on the premises of a recognized grain exchange by or through brokers who are members of such exchange and duly recorded pursuant to the rules thereof. COUNTRY ELEVATORS

As at December 1st, 1953

Order-in Council P.C. 5122, dated September 26th, 1951, provides for the licensing of buildings that while suitable for the emergency storing of wheat can not qualify for licensing as country elevators under The Canada Grain Act. These buildings are located on and off railway sites and are known as Special Annexes.

The Special Annexes are not grain elevators and are of a temporary nature; therefore the undershown figures pertaining to such type of storage have not been included elsewhere in this publication except in the final summaries.
